Professor!
Professor Alice T.P Ruda!
As the youngest Nobel Prize awardee, how do you feel right now!?
Please, a message to your parents who couldn't come because of their work in Japan!?

ローストビーフが好きなのね。
So you like roast beef.
Professor, you had the ten million kronas you received cashed out into Japanese yen.
Have you already decided on what you'll use it for?
...Say something...

Professor, you attend a private school in Japan.
Please, a word for the alumni!
Professor, we heard that you're the president of the Robot Research Society at school!?
A message for your members please!
Say something!
Haha.. Prez is always going at her own pace, huh?
It's not a laughing matter!
It's rude! She'll... bring shame to our school!
Don't shout... Even your bone marrow is serious, huh, Chairman.
Kurosaki-kun, you're a member of RRS, right!?
Tell that girl to say something!
Hm...
Senser-
If you let me fondle your breasts...
Professor!
She definitely won't speak at all...
Would you like a pizza?
...Telling her won't do anything.
Hey!
Robot Research Society (RRS) Member Kurosaki Yaoki
Student Council Class 1-C Class Chairman Shiratori Jiyun

"That was the first time I ever received a text from a girl..."
The day after I put on the bracelet, I received a text from Girl A."
Half a month later...
Japan, January ...
Oh, great timing, Kurosaki-kun!
I don't mind waking up early for you, Honey~!
Haha!
Actually -
I'm sorry, calling you so early in the morning of the new term ..
Happy new year
By the way, don't you feel cold...?
Hmm?
...Huh?
You live in Kanagawa, so you probably woke up at around 5 AM, right?

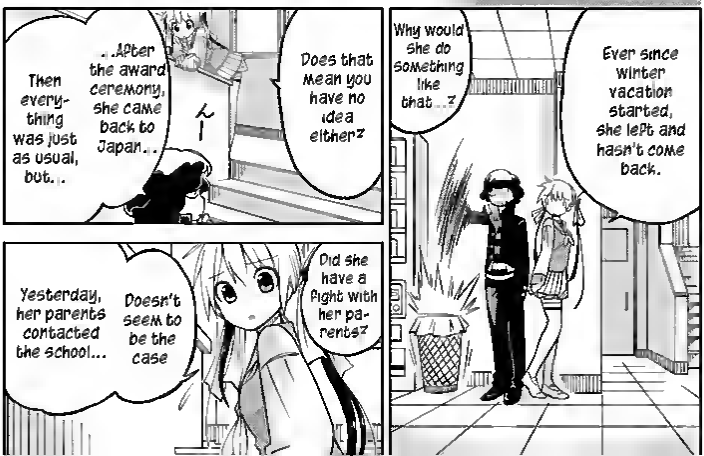
ぼっ
I'll warm you up with my chest!
ギュ…
You still asleep?

She ran away!?
Our Prez ran away from home?
That's why I contacted you.
Because you're in the same Robot Research Society as Alice-san.



Ever since winter vacation started, she left and hasn't come back.
Why would she do something like that...?
Does that mean you have no idea either?
...After the award ceremony, she came back to Japan...
Then everything was just as usual, but...
Did she have a fight with her parents?
Yesterday, her parents contacted the school...
Doesn't seem to be the case

After three days had passed, her parents called the school.
She's here in school!?

Tea Club
But well, I think she's okay.
She has money too.
Hmm...
They seemed really worried...
They don't know if she's eating properly, so they wanted someone to see how she was doing.
Apparently, she's holed herself up in the clubroom doing something
With that much, she can live alone for 20 more years
CLANG
Did'ja know? The award money for the Nobel Prize is ten million kronas..
In Japanese yen, that's about 100 Million!
.. What?
So if she suddenly makes that..
When practically applied, she can make the quantum calculator, an amazing PC!
This time, the one she announced was the law of quantum mechanics but,
CLANG
And, did you know!?
.....!?

Ahh...
KOBOT RESEARCH SOCIETY
CLANG
That's a cleaning robot.
We're the RRS after all.
We created that using this year's club funds and-

Something's being sucked in...

Wai---

I saw it...
Just now.. for just a moment..
Wait, Kuro-saki-kun!
Hey...
Stop...
Geez...!
I'm not trash...

Each machine has a "duty."
An aircon warms up the room...
And a rice cooker cooks rice, right?

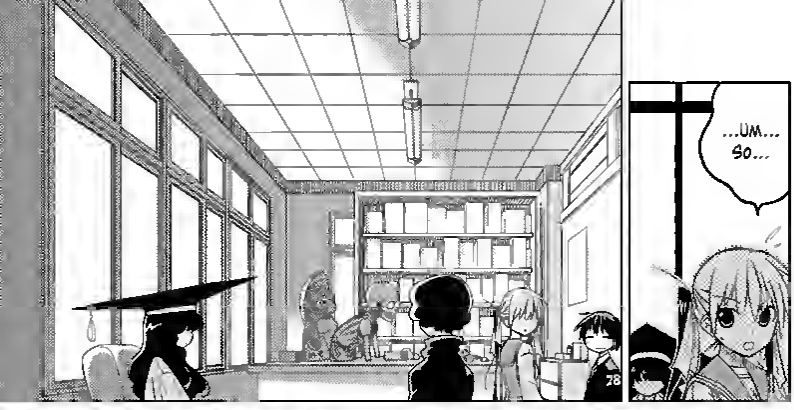
You two...
If you don't mind my asking...
By the way...
28
Geez, seriously...

So just what is...
茶道部
My "duty" as a robot?

Ahaha ha...
No need to thank me. Since I just sewed it back on...
Ah, thank you very much!
My head's back!

Sew it evenly right there...
Right, right there...



...Um... So...

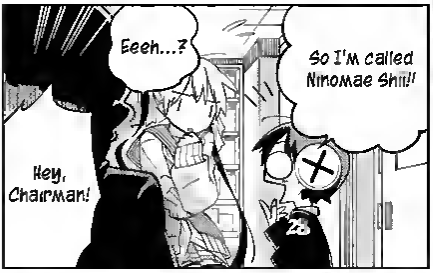
Aah!? You're right!!
Your name

Who?
?
... Eeeh!?



Eeeh...?
So I'm called Ninomae Shii!!
Hey, Chairman!

Do you remember...?
This is where the prize money was supposed to be...

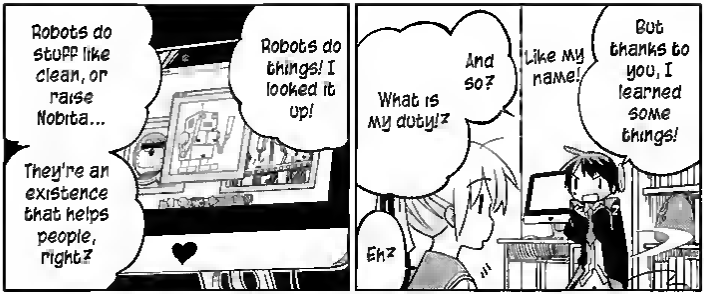
.....

What our Club Prez made... The world's first artificial human!!
That thing is...

She used it all up. 100 million yen!
It's empty. That means...
Something like that. Even if you search the whole world, you'll never find it...!

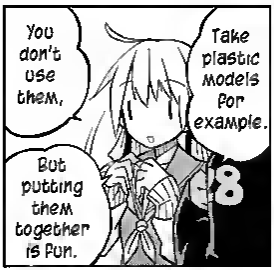
You don't know anything about yourself?
You mean...
I see... So I'M the world's first...
...Eh!?
Really!?
15
Yes, that's how it is...
About two hours ago...
When I woke up, a girl who looked like she hadn't slept at all was right beside me.
?
Where ... am I?
Who are you ...?
Just what am I?

Who are you?
Wai. Don't fall asleep!
Why am I here!?
Tell me!
annoyed
What am I...!?
EEEH!?
Uwaa!? I'm a robot!?
What's up with that...
That's all I know...
A robot!



Robots do stuff like clean, or raise Nobita...
They're an existence that helps people, right?
Robots do things! I looked it up!
Eh?
What is my duty!?
And so?
Like my name!
But thanks to you, I learned some things!

Tell me!
Exactly what "duty" am I made for!?
"They have a duty they're made for, which they perform until they break down."
That's what a robot is!



You don't use them,
Take plastic models for example.
But putting them together is fun.

Like that, you're...

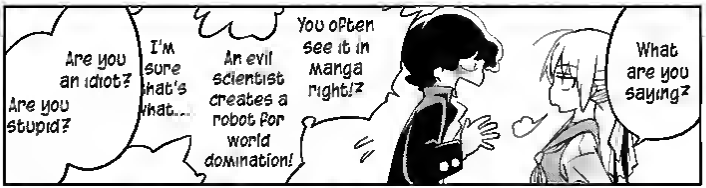
Being able to talk is enough to be proud of.

?
...I don't think you have any sort of duty at all?

I'm... a... plastic model ...?
Eh... What? What's wrong?
What are you getting mad for..?
You're comparing me to a plastic model!?
Of course I'll get mad!!
Eeeeh!? You're crying!?
NO WAY THAT'S TRUE!!

I'm a robot. Robots are made because they have a duty.
That's why I want to know what my duty is,
and be useful to everyone!
…?
Yes.
Aaaaahh…
I'm not a plastic model..
Yeah, you're right…!?
What his duty is…
…Huh?
Um, Kurosaki-kun!?
Join the conversation!
……!!
It's…
So simple.

Ha?
……
It's WORLD DOMI-NATION.



Are you an idiot? Are you stupid?
I'm sure that's what...
An evil scientist creates a robot for world domination!
You often see it in manga right!?
What are you saying?

……

?

Besides ...
The only people who'd believe that is either a complete idiot, or you.

What merit would world domination have for Alice-san?
"Often see it in Manga..." So what?

What the heck are you doing!?
Eh...
raccoon
...z
HAHAHA HAHA!!
ゆい
!?
So that's it...
I finally under-stand...

Just now, you've seen My power, haven't you?
Hmph. An idiotz What are you sayingz
Eeh!? You're an idiot!?
I'm made for...
WORLD DOMI-NATION!!

Ouch.
With a robot's fearsome rubber arm, I brought a healthy high school boy to the ground!
You got hit by an AMAZING POWER as strong as the Terminator, right!?
Y... You!
Stop lying!!
Power?
I'm fine. Someone just pushed me lightly, so I lost my balance and fell.
"Lightly"!?
You okay?
!?

すや

The basis of world domination starts with a raccoon!
Kahaha hahaha!!
Wai... What do you think you're doing!?
Uh, no, I don't get it.
AAAA

……!
……!
……!

Eeeeh!?
I told you so.
I guess he really isn't a weapon.
So you can't do it after all!?
?
Huh?

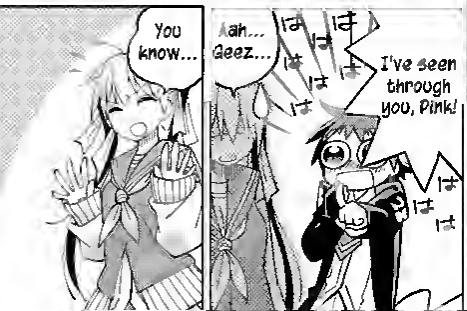
……!
What are you crying for?
That's because ...!
I'M 100% a weapon!!
I'm a weapon...
...WAIT!

They usually have those in special effect shows, right!?
Huh?
...Wait, are you an ally of justice?

Usually a group of five with just one female member...
I know who you are. Your true identity is...
What are you talking ab...?
Look! Don't try to hide it!
When the evil robot attacks the masses, a ranger force wearing full-body tights appears...
And they have a secret identity that no one else knows!!

Stop it! Don't just believe him!
War-
Really, Jiyun!?

No no no way...
Pink Ranger...?



You know...
Aah... Geez...
I've seen through you, Pink!

You're wearing your pink ranger suit underneath, right?
Why...?
It's not pink...
!?

Pink got made at me!
I'M GONNA KILL YOU!?
What do you think you're doing... ...What do you think you're doing What do you think you're doing!?
I'M NOT PINK!!
SHUT UP!!
ARE YOU STUPID!?
As an evil robot, you are my...
But, knowing that you're an ally of justice,
You must be upset that I've seen through your cover, huh?
Heh... Heheh!

Sen-sei..
Ninomae-sensei!!
...You're the worst!

Let us defeat Pink together!
Haaa!?

Eh?
Sensei... I'm touched!!
Wai... What are you saying, Kurosaki-kun!?

Umph!
...Isn't it obvious!?
...?
I want to see more of your panties!!
P-Pervert!

What are you saying!? I'm a healthy boy!!
...Don't defy me...
Anyway, sensei... let's do it!
Let's do Pink together...

Wait, you guys... stop it!

I'll tell the teacher!?

I learned karate back in kinder-garten, you know!?
I'm seri-ous!

You can call me Shii!

Don't just leave something like this around without explaining!
Well, Alice-san!? What is this robot!?

ねこすないっぺい

I still remember him as clearly as if it were yesterday.
If I were to describe him in a few words,
I'd say he was life's biggest pervert.
Even when he was still in elementary school, he already had an unnatural attraction to girls.
Everyday, he would peek at girls' underwear,
POKE POKE
POKE POKE
And even poke their breasts.
3
The adults around him laughed that he was just a mischevous child...
Such a bad child~
Oh My, oh My~
He spent such happy times...
.....
But, those happy times couldn't go on forever.

When he entered Middle school, one day...
I CAN'T PEEK!?
The girls were, naturally, equipped with jerseys and magazines!!
I CAN'T POKE!?
GYAA AAA

The cost for the treatment of his fracture reached a million yen!!
He went into a panic!!

Please!!
Even when he got on his knees and begged, no girl offered her chest to him...
Eh!?

DON'T TEACH THEM STUFF!
Indeed... With time, breasts were not the only thing that matured...
Having gained wisdom, the girls completely sealed away his sexual harrassment!!
"The truth is... I want to poke breasts."
He hid those feelings through porn mags...

Whooaa!? Shii-san's mystery has finally been solved...!?
No, even without a robot, as long as you have money, you can go to any beauty salon...

I'm a "hair-cutting robot"!
I don't need a battery to cut hair! I can work even with just five meters!
It was inevitable for me to be a hikki!

Now...! We have to make preparations for our opening!!

Opening !?
For a space where a woman's beauty is born...
This small and dirty room is no good, yes!?
Wow... Shii-san, you're like a pro!
Interior decorating is a physical work.

Excuse me. Is this shop open?
What the heck are you saying!? In the first place, you opened this shop so that you could cut her...
I'm a charismatic beautician, so I won't cut the hair of a child who doesn't have a reservation!!
Haa!?
Hmph! Alice!? I've never heard that name before!

What do you mean by that!? We're the ones here first...

Yeah ♥
Ah, I see... So in your mind, a cool hairstyle is modeled after robot heroes, right?
90%
But... If I made it a Gundam, then I'd have to shave off 90% of her hair!?
?
TL Note: Reference to Tetsuwan Atomu (Astro Boy)
Then don't do anything unnecessary! Alice-san is a girl, you know!? She needs a more feminine hairstyle... Change it into that of a Yamato Nadeshiko!!
I... I am serious ...!?

But wait... A sporty hairstyle may not be bad at all...
I mean, the RRS is a culture club, right? If you go for a fresh, sporty hairstyle, it might provide a good character gap and could actually be cute! Alright, then...

Since this is the end of the current arc(?), I'd like everyone to take note of this image. Look closely at what Alice is holding, and you'll see.

A lone girl stands on the desolate grounds behind the school building...

Let's raise the curtains to the start of a school slapstick comedy, but it's a little different from usual!?

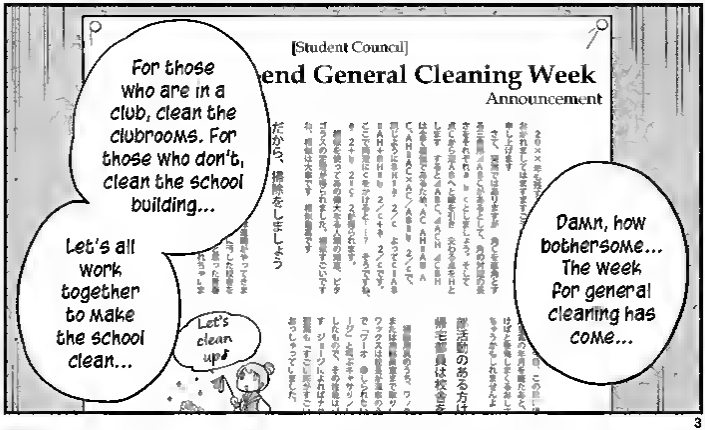
Annual year-end...



[Student Council]
end General Cleaning Week
Announcement
For those who are in a club, clean the clubrooms. For those who don't, clean the school building...
Let's all work together to make the school clean...
Let's clean up!
Damn, how bothersome... The week for general cleaning has come...

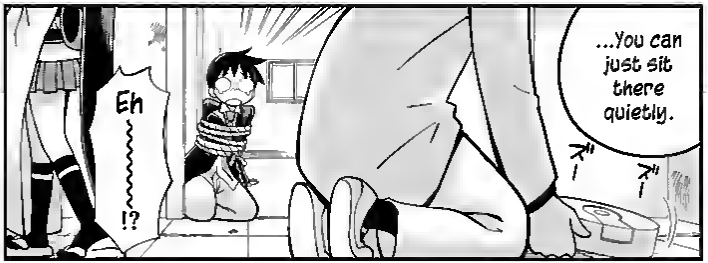
I told you, you're wrong!!
Maybe, I am...
No, you're wrong.

Wha... What are you doing, Kuro-saki-kun...!!?
You don't have to do anything.
Whenever you think of something, it always gets out of hand.
Besides, we already have this for a cleaning robot.

No way... Let me help... I'll make everything clean and bright!!
Let's see... If it's you, then you probably can make it clean and bright...

Because you messed around so much, we have so much more to clean this year.
Don't bother us.

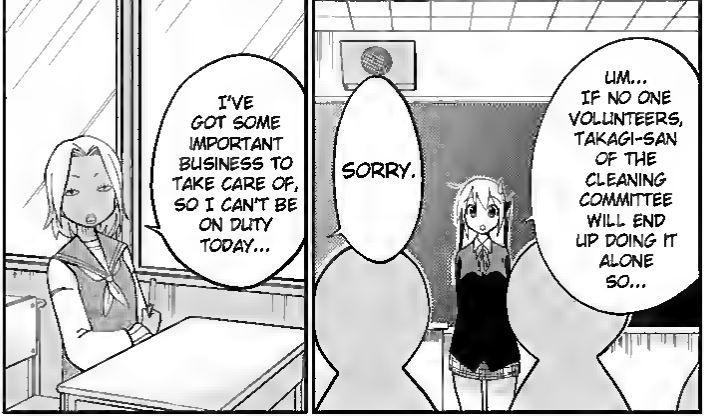
...JUST LIKE THIS, HUH...?



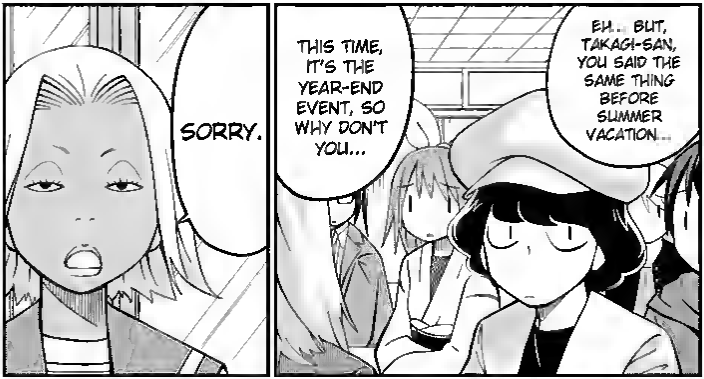
...You can just sit there quietly.
Eh~~~~!?

.....
Huh....?

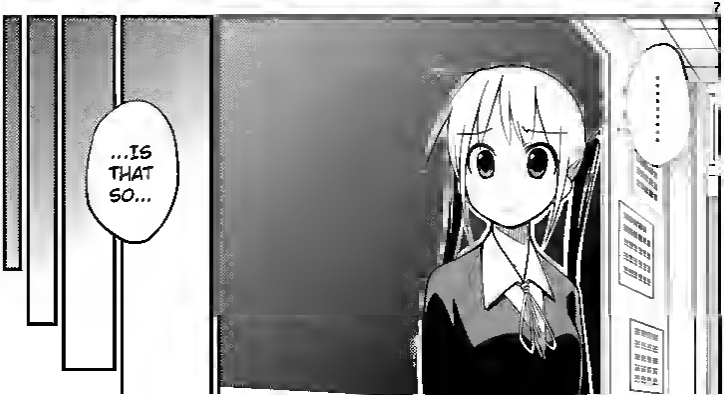
By the way... Where's Jiyun?
Ah... She won't be coming today.
I see... Well, she isn't a club member anyway...
No, that's not the case...
During homeroom earlier...
...AND SO...
SINCE OUR CLASS HAS BEEN ASSIGNED TO CLEAN THE AREA BEHIND THE GYM,
I'D LIKE TO ASK FOR ANYONE WHO ISN'T A PART OF ANY CLUB TO VOLUNTEER AND HELP CLEAN.
...



I'VE GOT SOME IMPORTANT BUSINESS TO TAKE CARE OF, SO I CAN'T BE ON DUTY TODAY...
SORRY.
UM... IF NO ONE VOLUNTEERS, TAKAGI-SAN OF THE CLEANING COMMITTEE WILL END UP DOING IT ALONE SO...



SORRY.
THIS TIME, IT'S THE YEAR-END EVENT, SO WHY DON'T YOU...
EH... BUT, TAKAGI-SAN, YOU SAID THE SAME THING BEFORE SUMMER VACATION...



...IS THAT SO...
.....

Earlier, she just said "The class chairman is the one responsible for all the committees," and laughed, but...
?
...And so, she ended up being the one who has to do it.
Come here
To seriously go to that place...
She's such an idiot...
